

Wyoming Guardianship Corporation Power of Attorney Program Fee Schedule

WGC can act as Power of Attorney (general, financial or both). As part of our services, we make financial or life decisions (or both) based on the approved power of attorney document and best practice standards. These could include but are not limited to: coordinating with other community agencies, providers and organizations; making connections to appropriate service programs; applying for applicable benefits; making investments; determining the status of real property and tangible personal property; paying bills and filing tax returns; deciding where the client will live and arranging for appropriate care; and seeking legal advice or instruction as necessary or required. In addition, once the document is in effect, WGC will complete annual accountings or semiannual plans of care/reports depending on the document. We also have the responsibility for communication with the client and doing our best to follow national best practices to involve the client in our services as much and as safely as possible. Before the document goes into effect semiannual meetings with the client will be completed to determine any change in status. Our fees for these services are based on an hourly rate (to be billed in 15-minute increments), described below and are charged monthly.

All participants of Wyoming Guardianship Corporation Power of Attorney Program will receive an individualized plan and strategy determined in conjunction with each participant and their specific needs and goals, and in conjunction with the approved power of attorney document.

Additional fees will apply

1. For management and valuation of closely held business interests, oil and gas services, note and mortgage services, or real estate property management in a financial power of attorney
2. For services provided in a hazardous situation or environment.
3. Legal fees incurred by WGC related to the provision of services.

This fee schedule is representative of the fees charged by Wyoming Guardianship Corporation only. Fees charged by other providers will be charged separately per the fee agreement with that provider.

This fee schedule is subject to change upon thirty days prior written notice.

----------------------------	---------	-------------------------------

Case Management:

Case Management Services	\$65	per hour 15-minute increments
Shopping	\$45	per hour 15-minute increments

Other services available through contract service providers

While there are fees associated with this program, our approach to case management and other services is one intended to minimize expense, not increase it. Whenever possible, WGC provides case coordination, leveraging free or affordable services from community based programs instead of creating new expenses. When compared with other models, WGC's overall fees remain at or below those of other nonprofits and below market rates.
